Ogden, Sept. 7.—Frank Bell, a colored "dope" fiend, caused considerable commotion in police circles on Tuesday by figuring in two arrests and one escape. Bell called at the office of Dr. E. M. Conroy, presumably to ask for treatment and on finding that gentleman out, stole a chair, which he immediately sold at a second hand store on Tweaty-fifth street. Through this transaction, his arrest was soon effected and as he

DEAF AND BLIND SCHOOL.

Ogden, Sept. 7.—Under the most auspicious circumstances the state school for the deaf and blind opened its fall session here this morning with the largest enrollment since pupils from Idaho were excluded. Aircady 115 students have marticulated and

from Idaho were excluded. Already 115 students have matriculated and others will enter the institution later. Since the last session there have been some changes in the teaching staff, Superintendent F. M. Driggs thinks that the present year will be one of the best in the history of the school. To fill vacancies caused by resignations in the teaching staff, the services of Miss Betsy Larson of Minnesota, Miss Lester Stamback of Salt Lake, and Miss Mattie Robinson of Kentucky have been engaged.

WILLIAM LOCHHEAD KILLED UNDER AUTO

noon Near Pleasant View-Two Others Hurt,

Ogden, Sept. 7 .- As the result of an automobile accident which occurred Tuesday afternoon about 2:45 o'clock near Pleasant View, about eight miles north of Ogden, William S. Lochhead, salesman for Hemenway & Moser company, was killed, Jacob Jensen, proprietor of the Healy cafe, and Walter E. Sanderson, manager of Hemenway & Moser company, received numerous cuts and bruises of a minor nature. The three gentlemen were riding north in Mr. Jensen's automobile, presumably intending to go to the Hot Springs, a short distance further along the county road, when suddenly the car struck a hump in the road and the left front wheel collapsed, causing the machine to turn "turtle," thus pinning Mr. Lochhead and Mr. Jensen under the car, while Mr. Sanderson was thrown several feet away, striking on his head and rendering him unconscious. In telling the details of the accident to The News, Mr. Sanderson stated that as soon as he gained consciousness he got up and looked around for his companions and then decided that they must have gone to a nearby farm house. Further investigation disclosed the fact that Jensen and Lochhead were under the car, and after considerable effort Jensen managed to extricate himself. Several farmers who had witnessed the accident from their fields came to the rescue of the party and soon the machine was moved sufficiently to allow Lochhead to be removed. He was in a semi-conscious condition during the entire time until the end came and kept mumbling incoherent words. He was carried on a blanket to a nearby farmhouse, where a telephone message was at once sent to Ogden for a physician and an ambulance, both arriving in a very short time. Everything possible was done to relieve the suffering of the unfortunate man, and the good people of Pleasant View did everything in their power to aid the parties in their trouble. However, the heavy car had struck Lochhead's body with such force as to cause fatal internal injuries, and death soon overtook him. The body was removed to the Larkin undertaking establishment, where it will be prepared for burial. Mr. Lochhead leaves a wife, formerly Miss Pearl Hellewell, and three small children.

He was rearred i north of Ogden, William S. Lochhead. salesman for Hemenway & Moser com-

He was very well and favorably known here and his sud-den death is a great blow to a large circle of friends, besides his more immediate relatives. About 12 years ago he returned from a mission to Scotland and has since been engaged in business in Ogden, One pathetic incident in connection with the accident dent in connection with the accident was the fact that a family party was being held at the Lochhead home in honor of a sister's birthday, and Mr. Lochhead was intending to return in time for dinner, the entire family having assembled for this purpose.

Beet Digging Will Commence About Sept. 20-Crop of Average Tonnage in District,

Lehi, Utah Co., Sept. 6.—The Lehi actory will commence cutting beets about Sept. 26, and beet digging will about Sept. 26, and beet digging will commence about Sept. 20, the farmers in the large districts being notified to that effect. Last week a few samples were taken in each district, which showed the beets to be ripening nicely and to be in good condition. This week a general sample of most of the patches of beets in the large districts will be taken which will determine who are to commence digging about the 20th. the prominent churchmen present were Rev. Robert G. Seymour, D. D., of Philadelphia: Rev. A. C. Cook, D. D., of Spokane; Rev. C. A. Woody, D. D., of Portland; Rev. Joe P. Jacobs of Kansas City, Mo., and Rev. L. T. Borkman, evangelist in charge of the chapet car Good Will, which is now in this city.

During the past summer the factory and the cutting stations at Provo and Spanish Fork have been put in first class shape for the fall campaign. Most Spanish Fork have been put in first class shape for the fall campaign. Most of the machinery from the Springville cutting station, which was torn down, was taken to Provo to enlarge the cutting station there. The pipe lines from the Provo and Spanish Fork plants to Lehi have been put in good shape, many miles of old pipe having been taken up and new pipe laid. At the main plant here, additional modern machinery has been installed to facilitate the handling of the juices and every possible improvement and arrangement has been made to have the mill keep working to capacity during the run. During the summer a large shop has been erected with foundry attached and much new machinery is made in addition to the regular repair work. As the refuse syrup is becoming more valuable each year the company has installed a 2,000-ton steel tank to hold same until it is shipped out. The company now has in storage a large amount of coal, coke, lime rock and other supplies in readiness for the campaign.

There will be a good average tonage.

other supplies in readiness for the campaign.

There will be a good average tennage of beets this year throughout the entire district growing for this company, and a large amount of money will be distributed within the next three menths to the 1.800 farmers growing beets for this factory; also tens of thousands will be paid out for supplies and labor.

POLITICAL ACTIVITY OF TEMPERANCE WORKERS

(Special Correspondence.)

Logan, Sept. 6.—While there is little activity as yet among the politicians here, the leaders of the temperance movement in Cache are active and are preparing to have a say in the primaries and conventions as to the planks in the platform. The efforts of those who desire state wide prohibition will not be confined to either of the parties, but the fight will be carried into the ranks of both.

At present the indications point to the fact that a strong effort will be made to have both parties declare for state wide prohibition in their platforms, but while this plan may succeed in the Democratic convention, it is predicted that it will fail in the Republican convention, as it is quite ap-
